Dear Herm,

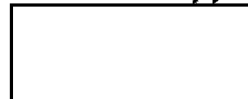

Edward Atkins told me of the testimonial being given in your honor.

I just want to add this word of praise and congratulations to the many you will be receiving. One of the happiest times of my life was the four years I spent in the House of Representatives, and the highlight of all that was serving with you on the Ways and Means Committee.

There is no doubt that I could still murder you in paddle ball, but that having been said, I miss you, darn it! I hate to see you leaving the Congress.

I have one very comforting and happy thought, and that is that our friendship will last and last and last. That's good!

Most sincerely,

George Bush
